

UPDATE TO CHURCH : COVID-19

5th March 2020

Given the growing concern among various organisations and the general public about preventing the spread of infectious diseases, the Bassendean Church of Christ are undertaking the following considerations:

CONSIDERATION
Discourage handshaking as we formally greet and farewell people in the foyer.
Hand sanitiser available in the foyer.
Encourage good hygiene practices by displaying "How to HandWash" posters in kitchen and toilets.
Raise awareness within church ministries of hygiene practices (not sharing food/drinking containers etc). Particularly relevant for activities with children.
Encourage anyone who is feeling unwell to avoid attending church, or any church activity.
Encourage anyone who wants to wear a face-mask to church, or church activities to feel comfortable doing so.

These considerations are being put in place immediately, and will be reviewed as risk factors change.

If you have any queries, please contact the office on 9377 1620.
